

Pricing and terms

We record each call made to WebAPI and charge at the end of the month. There is no minimum or maximum limits. More you use, more discount you get.

We have free tier of volume you can use each month.

Pricing table:

	calls made, up to	price / 1000 calls
up to	5,000	free
up to	100,000	€ 1.00
up to	1,000,000	€ 0.50
up to	10,000,000	€ 0.25
all following		€ 0.10

Examples for different usages counting in requests per minute/second or even hundreds of requests per second.

constant load of	calls per month	final price	discount	description
1 call per minute	43,200	€ 38.20	11.57%	moderate usage
10 calls per minute	432,000	€ 261.00	39.58%	normal usage, most customers will not even hit this number
1 call per second	2,592,000	€ 943.00	63.62%	mature brokers might need data very often
10 calls per second	25,920,000	€ 4,387.00	83.07%	heavy constant load all the time, least realistic
100 call per second	259,200,000	€ 27,715.00	89.31%	very heavy load webapi can serve, unbelievable in practice

For example, you want to make ~30000 calls per month. It will costs: $(30 - 5(\text{free})) * 1\text{eur} = 25\text{ eur}$

Another example for 1m calls:

- first 5k free
- next 100k - 5k 95k for 1eur / 1k = $95k * (1\text{ eur} / 1k) = 95\text{ eur}$
- next 1m - 100k 900k * (0.5 eur / 1k) = 450 eur
discount: if we charge 1 eur per 1k calls, 1m calls would cost 1000 eur. But, as more you use, less you pay. But you paid only 545 eur, which is 45.5% less than 1000 eur.

Total: 545 eur

Discount: 45.5%
